Mr Parsons

Mr Magson (Academy Site Manager)

Agenda - New Canteen menu

Students were given the menu the week before to discuss with peers before planning their ideal 2-week menu.

Mr Magson explained the concept of the menu and the purpose of the change in supplier. This includes reducing our carbon footprint and food miles by using local suppliers and growers. This was linked to the Academy climate agenda and our school targets.

Students used their menus to work in groups to design a menu that would be used by CM and Bev Nash to plan our first menus with the new provider. Two menus were produced that will be taken forward.

Action

School council invited to tasting of perspective menu.
